

Information Standards Notice – Retirement

Details are given below of the retirement of an information standard formerly approved by the Information Standards Board for Health and Social Care (ISB).

This retirement has been accepted by the Standardisation Committee for Care Information (SCCI).

Enquiries about this retirement should be directed to the contact specified below.

Further information about SCCI is available on www.hscic.gov.uk/ISCE or by emailing scci@hscic.gov.uk

Standard details	
ISB unique identifier	ISB 1561 DSCN 27/2003
Name	Diabetes Summary Core Data Set, Initial Standard
Date of retirement	29 June 2016 (that is, of immediate effect)
Date of SCCI meeting	29 June 2016
Standard definition	
Description	<p>This data set was first introduced in 2003, as part of a Diabetes Data Set Project to support both the Diabetes National Service Framework and the Quality Indicators for Diabetes Services.</p> <p>A review of the national portfolio of information standards by ISB, prior to handover to SCCI, indicated this information standard was no longer in use. On a wider investigation, by HSCIC, of the use of data to support diabetes services, this conclusion was confirmed. A report was submitted to the SCCI meeting in June 2016 which included a recommendation to retire this information standard. SCCI accepted this recommendation.</p> <p>This retirement therefore formally withdraws the following Data Set Change Notice:</p> <p>DSCN 27/2003 Data Standards: Summary Core Dataset for Diabetes</p>
Link to further documentation	<p>A copy of this Information Standards Notice and the related NHS Data Model and Dictionary Change Request are available on the HSCIC website:</p> <p>www.hscic.gov.uk/isce/publication/isb1561</p>
